

26th Sunday in Ordinary Time - Matthew 21: 8-32

Jesus spoke to the Chief Priests and elders. He reminded them that, those who claim to follow God will not always be saved if their actions do not show their faith.

www.lancashire.gov.uk/schools

Parents of children in nursery education and in Year 6 can now apply for their child's place at Primary or Secondary school. (See attached posters).

You must apply even if you already have siblings in school.

Secondary closing date is 31st October 2020 / Primary closing date is 15 January 2021

Wellbeing resource kit for parents

Please see the below link to the Every Mind Matters web based resource. This is aimed at parents, not only to help them to support their children and young people with wellbeing issues but also to help them seek guidance for themselves. It includes material on how to support children in their return to school and signs to look for in relation to their child's mental health and wellbeing, particularly in the context of Covid-19.

**COVID-19 (coronavirus) absence:
A quick guide for parents / carers**

Please see the updated poster emailed with this newsletter and on the school website.

During lockdown, we provided work and activity ideas through email. This worked well for most families, but needed to be improved.

We are currently working towards using 'Microsoft Teams' as a digital platform for home learning, although this is not yet fully set up. Once we have finalised arrangements, you will be fully informed how to access content and return work electronically.

In the meantime, if your child is absent due to Covid related isolation, we will provide suitable work via email or hard copies.

The Department of Education is keen to ensure all eligible families have access to laptops or devices to access home learning. Please contact Mr FitzGibbon if your family does not currently have access to suitable devices to access home learning.

NHS COVID-19 APP

There has been a lot of discussion about this APP in the media. I urge parents to download and use the APP for the continued safety of all. The more prepared we are, the longer we will remain in school and avoid school or class closures.

Educational establishments do not need to display the QR codes for parents to scan, which is how the APP works to track and trace contacts.

Here is an example of a QR code
