Wonder Week at Alston Lane: 9th to 13th April 2018

Let's Create

Dear Year 6 Parents,

The new term will start again with Wonder Week, filled with creative activities that promote Design Technology. The children will be designing, planning, making, testing and evaluating throughout the week. Year 6 will be studying:

Mechanical & Electrical Systems: creating a motorised wooden car

Preparation for our project:

Children should look online at the best ways to create the frame for a car made from wood as well as how we could make the wheels move using a motor.

Children should also draw a couple of designs that they might use based on the research they do, ready to make their cars in school.

The children's attainment and progress will be shared in their spring term report cards which will be sent home on Tuesday 10th April. In the meantime, if you have any questions about their work or happiness in school, please get in touch.

I would like to take this opportunity to wish everyone a happy and restful Easter holiday.

Yours sincerely,

Mr Parker.
